- 50-sheet automatic document feeder
- Windows® XP/2000/Me/98SE (magicolor 2480MF); Windows Server 2003/XP/2000/Me/98SE (magicolor 2490MF)
- 35,000 page-per-month duty cycle
- 1-year exchange warranty

Featuring print, copy, scan, fax*, and Camera Direct Photo Print functions, the magicolor 2480MF and 2490MF color laser all-in-ones provide the competitive advantage you require in today's hectic business world.

Print

The performance you need to keep your business running smoothly.

- The magicolor 2480MF and 2490MF are quick to print, delivering the first page in less than 13 seconds for b&w and 22 seconds for color. Multiple copies are delivered at 20 ppm b&w and 5 ppm color.
- With Fast Ethernet® and Hi-Speed USB 2.0 interfaces, and a hefty monthly duty cycle of 35,000 pages, these workhorses easily handle the high-traffic load of the busy office.
- Print on standard media sizes from postcard (3.9" x 5.8") to legal (8.5" x 14"), or define your own custom size.
- At only pennies a print for both color and black & white, laser-quality documents won't break the budget.

Copy

Customize your copies to fit your business needs.

- Copy originals up to 8.5" x 14" from the flatbed glass or automatic document feeder.
- Enhance copy quality by adjusting lightness or density, quality mode, and resolution.

- Collate or customize copy jobs with intuitive one-touch control panel functions.

- The automatic document feeder provides timesaving, unattended copying.

- Make 2-sided copies from 1-sided originals at the click of a button with an optional duplexer.

Scan

Turn paper documents into digital documents to share or edit.

- Scan in beautifully detailed 24-bit color to the PC or use the magicolor 2490MF to scan directly to email over the network.
- Use ScanSoft PaperPort® SE from Nuance to save paper documents in PDF, JPEG, TIFF, and other file formats for easy file sharing, or convert scanned documents to editable text with the Optical Character Recognition (OCR) feature.
- Scan any document up to 8.5" x 14" from the flatbed glass or automatic document feeder.

Fax*

Sharing digital documents has never been so easy.

- The magicolor 2490MF features stand-alone 33.6 Kbps Super G3 fax capability with 9 one-touch dials, 100 speed dials, group dial, broadcast, and 4 MB of fax memory.
- Use either the magicolor 2480MF or magicolor 2490MF and FaxTalk Communicator to send and receive digital faxes at the PC, annotate faxes before sending or printing, and turn your PC into a speakerphone and answering machine.

Camera Direct Photo Print

True-to-life color photographs at your fingertips.

- Print digital color photos directly from a PictBridge-compatible digital camera—no PC or special software required.

- Print on all common media types, including glossy stock, up to 8.5" x 11".

- Print 4" x 6" borderless photos with special media.

Exceptional Quality

Laser-quality documents that are sure to impress.

- Produce letters, brochures, photographs, CD-ROM and mailing labels, and other important documents on all common types of office media, including plain paper, thick stock, glossy stock, transparencies, labels, envelopes, and postcards.

- 2400 x 600 dpi resolution produces brilliant colors, detailed graphics, and crisp text.

- KONICA MINOLTA Simitri® Polymerized Toner produces vibrant, durable prints that don't smear or fade like inkjet prints.

basics
